But circumstances change, and we need accurate information to make good decisions. For example, we need to know about:*

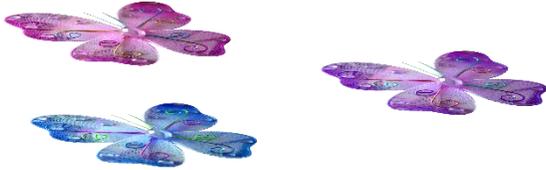

- *Changing pension options or beneficiaries (and the "consequences")*
- *CalPERS' Power of Attorney (and what happens if you don't have one on file)*
- *Reporting the death of a CalPERS member/beneficiary (deadlines to meet)*
- *How to avoid a delay in a surviving spouse receiving his/her first payment*
- *Available benefits such as health insurance and long-term care insurance*
- *Working after retirement*
- *Required paperwork and online resources*

Menu: Carne Asada Salad, Rolls with Butter, Key Lime Pie; Beverages: iced tea, coffee, lemonade, Arnold Palmers, (cocktails, wine or beer available at your expense)

Lunch Price: \$5 per person. New RPEA member attending for the first time: FREE

Safety Protocols: We're being careful to follow Covid guidelines. Masks are optional.

We are California public employees who are working together to maintain and improve the quality of our members' lives by protecting and improving our retirement and medical benefits. ABOUT YOUR COLA AND INFLATION

As a CalPERS retiree, you may be wondering when you are to receive your annual cost-of-Living Adjustment (COLA). Here’s the information CalPERS has posted on their website:

Retirees typically receive an annual COLA paid on the May 1 benefit payment. The law requires retirees receive their first COLA in their second calendar year of retirement. That means if you retired in 2020 you got your first COLA in May 2022. If you retired in 2021, you see your first COLA in May 2023. COLAs are limited to a maximum of 2%, compounded annually, for all school retirees and First-Tier State of California retirees. Second Tier State of California retirees receive a fixed 3% COLA. Public agencies contract with CalPERS for their COLA (ranging from 2% to 5%), so it depends on what your agency contract stipulated. Your COLA allowance can equal but not exceed the rate of inflation using the U.S. City Average. The law also limits your annual adjustment to the rate of inflation or the COLA based on your agency’s contract with CalPERS--whichever is lower.

The Purchasing Power Protection Allowance (PPPA) protects against inflation for those whose benefits fall below minimum levels established by law.

If you have questions about your COLA, you can phone CalPERS at 1-888-225-7377.
